

CATEGORY 6 F/UTP SOLID CABLE 4 PAIR (AWG 23) LSOH

Wave Cables Cat. 6 F/UTP cables are designed to meet the most advanced F/UTP cable applications. Tested to 250MHz, the performance of this cable meets the requirements for PS-NEXT, attenuation, return loss, attenuation-to-crosstalk ratio (ACR) and impedance, making it ideal for high-end transmission links supporting today's networking protocols. Low smoke zero halogen is becoming very popular and, in some cases, a requirement where the protection of people and equipment from toxic and corrosive gas is critical.
